Item Description: One (1) partially drilled pearl in a white metal pendant necklace with a clasp set with numerous additional drilled pearls (not tested) and transparent near-colorless variously shaped cuts.

Weight: **13.21 grams (gross)**

Measurements: **7.64 mm (depth not measurable)**

Comments: Only the center largest pearl has been tested.  
 Pearl is identified and described insofar as mounting/drilling permits analysis.  
 Mollusk identification is an expert opinion based on a collection of observations and analytical data.

**FACSIMILE** This is a digital representation of the original GIA Report. This representation might not be accepted in lieu of the original GIA Report in certain circumstances. The original GIA Report includes certain security features which are not reproducible on this facsimile.
